WELCOME

At **St Anne's Veterinary Group** we want to make preventative healthcare easy and affordable, to help you give your pets the best possible care. We believe that disease prevention is much better than cure and that early diagnosis of health problems will help your pet to live a long and healthy life.

Our **Pet Healthcare Plan** covers the essential treatments your pet needs throughout life, such as vaccinations, flea and worm treatments and regular health checks. Extra benefits of the plan include discounts on many other products and services at the practice. The plan helps you spread the cost of these 'well pet' essentials and is not a replacement for a pet insurance policy.

Read on for more information, or speak to one of our team today to find out more about our plan.

Our Pet Healthcare Plan includes:

	Dog	PHP Plus for Dogs	Cat	PHP Plus for Cats	Rabbit
Annual health check and booster vaccination*					
Year round flea treatment/parasiticide					
Six month health check with a nurse					
Year round worm treatment

Emergencies

In case of an emergency during practice hours, please contact the practice immediately. We will always endeavour to see a pet in pain as soon as possible. If you require emergency treatment outside practice hours, please telephone the practice on **01323 640011**. Please listen to the whole message and contact the dedicated night clinic as directed.
